

HLAA DownEast Chapter.  
Yes! Hearing Loss Support in Maine!  
Please help by giving to Maine's Walk4Hearing team.

Hearing Loss Association of America's (HLAA) Walk4Hearing is a nationwide campaign that brings hope to people with hearing loss.

Here in Maine the HLAA DownEast Chapter is working to bring people with hearing loss together to share experiences and learn how to cope. Together, we can break down barriers to hearing health and show that people with hearing loss are not alone.

We have a walking team named Down East to raise money for our Maine chapter. We want to reach as many people in Maine as we can with hearing loss activities and hearing health education.
